PROGRAM--FULL DAY CHILDCARE

FEBRUARY

Dinosaurs

Our Dinosaur theme in our daycare classes is always a blast from the past. Children are naturally curious about these giant creatures. We will introduce dino-related names and terminology to enhance their vocabulary, as well as incorporating basic dino facts, using visuals, interactive activities and more!

Valentines

Valentine's Day is the day of love and affection. In our classrooms, the children will learn about love and kindness, the "golden rule" (treat others as you would like to be treated), sharing, and accepting everyone.

The Jungle

We are going to take an exciting journey through the jungle and learn about different animals and plants. Children will understand how a jungle differs from the forest through well thought out activities and crafts. We are also going to welcome Mike's Critters coming to our classroom by the end of this month and taking us to an amazing safari adventure.
